

SNEHA V

MCA Student | AI & ML Enthusiast

6360571001 | sneha642004@gmail.com | linkedin.com/in/sneha-v-6ab3b8285

CAREER OBJECTIVE

MCA student specializing in Artificial Intelligence and Machine Learning. Experienced in developing AI-driven solutions and working with cloud technologies. Proficient in the MERN stack. Certified in AWS, Data Science, AI & ML, IoT, and Generative AI. Looking for an entry-level role to leverage my skills and contribute to impactful projects.

TECHNICAL SKILLS

Languages	Python, Java
Web Technologies	HTML5, CSS3, JavaScript
Database	MongoDB, SQL
AI / ML	Machine Learning, Data Analysis
Cloud	AWS Cloud Computing
Tools & IDEs	Git, VS Code, Power BI, Excel
Concepts	OOP, DBMS

SOFT SKILLS

Problem Solving • Quick Learner • Team Collaboration • Interpersonal Skills • Adaptability • Work Ethics • Logical Thinking • Time Management

EDUCATION

MCA (Pursuing)	Sapthagiri NPS University, Bengaluru	2025 - Present
BCA	RR Institute of Management Studies	Completed
PUC	Ganga PU College	Completed
10th Standard	Ganga International School	Completed

CERTIFICATIONS

- Excel & Power BI - Microsoft / Data Analytics
- Data Science - Professional Certification
- Artificial Intelligence & Machine Learning
- AWS Cloud Computing - Amazon Web Services

PROJECTS

Quiz Application | MERN Stack

- Built a full-stack quiz application using MongoDB, Express.js, React.js, and Node.js.
- Implemented user authentication, dynamic question loading, score tracking, and result display.
- Designed a responsive UI with React.js and integrated RESTful APIs for seamless data flow.

Recipe Master | Python

- Developed a recipe management application using Python with a user-friendly interface.
- Implemented features for searching, adding, and organizing recipes by category and ingredients.
- Applied file handling and data management techniques to persist recipe data efficiently.

Hospital Patient Survival Prediction | Machine Learning

- Built an ML model to predict patient survival rates based on clinical data.
- Performed data preprocessing, feature engineering, and model evaluation using Python (scikit-learn, pandas, NumPy).
- Improved prediction accuracy through hyperparameter tuning and cross-validation techniques.

INTERNSHIP

AI and Machine Learning Internship

- Studied core ML algorithms including supervised and unsupervised learning techniques.
- Built and deployed a project utilizing machine learning models to solve a real-world problem.
- Gained practical experience with Python libraries such as scikit-learn, pandas, and NumPy.
